

# Ostrander Point Wind Energy Park

## WELCOME

### **Gilead Power Corporation South Marysburgh Community Meeting South Marysburgh Central Public School 7:00 to 10:00 pm**

Thank you for attending our Community Meeting. Gilead is holding this meeting at the request of Councillor Monica Alyea and concerned local stakeholders. Please note that this meeting is not part of the regulatory process for the Ostrander Point Wind Energy Park Project. The purpose of this meeting is to:

1. Present the new visual simulations taken from the vantage points requested by Prince Edward County Council.
2. Display the Project's final turbine layout.
3. View the film prepared by Councillor Monica Alyea on various wind farm operations in Canada.

All of the information presented tonight, with the exception of Councillor Alyea's film, will be made available on our website ([www.gileadpower.com](http://www.gileadpower.com)). In addition, this information will be included in the Final Environmental Review Report which will be made available for your review later this summer.

Gilead values the input from all stakeholders and has made significant modifications to the design and layout of our proposed Project as a result of this feedback. We will continue to receive and incorporate concerns from stakeholders throughout the Environmental Screening Process, wherever practical. If you have additional questions or to provide the Study Team with your comments or request additional information, please email [ostranderpoint@stantec.com](mailto:ostranderpoint@stantec.com), or call Stantec at (519) 836-6050.

Written comments can also be mailed or faxed to:

Mark Kozak  
Project Manager  
Stantec Consulting Ltd.  
70 Southgate Drive, Suite 1  
Guelph, ON N1G 4P5  
(519) 836-2493

Thank you for attending and enjoy your evening. We hope it will be informative and beneficial to you.
