

## Application for Approval of a Renewable Energy Project Ce formulaire est disponible en français

For Office Use Only						
Reference Number	Date (y/m/d)	Initials				

Form ID: 272192

			Application Summary
<b>7</b>	Project Name (Project identifier to be used as a	a reference in	correspondence)
L	Ostrander Point Wind Energ	y Park	
<b>√</b>	Project Description Summary (This summary should reflect the description in the	he documents	upon which consultation has been completed and if it does not, the difference should be highlighted)
	Gilead is proposing to develop County, Ontario. The basic co	p the Osomponer	strander Point Wind Energy Park (the Project) in Prince Edward ints of the Project include nine (9) GE xl 2.5 MW wind turbine
	turbine, one on-site substation	o name <sub>l</sub> n includi	plate capacity of 22.5 MW, transformers included within each ng transformer and electrical collector lines. This system will
	transport the electricity genera	ated at th	he wind farm to Hydro One Networks Inc.'s (Hydro One's)
	Distribution Network. The Pro	oject also	o includes an existing 60 m meteorological tower, roads to access
	linterconnection to the Hydro	One grid	as well as electrical equipment and systems required for . The turbines will be situated exclusively on Crown land, known as
	the Ostrander Point Crown La	and Bloc	k. The site is located on the north shore of Lake Ontario.
			K.
	Required information	Con	npleted (yes or no)
V	Project Name & Description	Yes	
<b>√</b>	Section 1: Applicant Information	Yes	
<b>√</b>	Section 2: Project Information	Yes

<sup>\*</sup>Please note: the release of information contained in application forms and documentation submitted in support of applications for approval is subject to the provisions of the Freedom of Information and Protection of Privacy Act. This Act defines what may and may not be disclosed to the public, and is used to assess all requests for information contained in the documents on file with an application for approval. The information submitted with an application for approval may also be subject to the Environmental Bill of Rights. In those situations, the application and the associated non-confidential supporting documentation is made available for review by members of the public. The applicants should therefore identify all documents or portions of documents as noted above which are to be considered confidential and must provide detailed evidence Insupport of this claim. This evidence will be one of the factors the ministry would consider when making a decision regarding disclosure of specific documents on file.
